

# HOOVER Angus

## Online Sale

Bids Open October 19 - 7:00 pm Central  
with a soft close

### October 22 • 7:00 pm Central

Hosted by CCI Live at [www.cci.live](http://www.cci.live)

After 91 years in the Angus business, the Hoover Angus family has decided to put together this offering with some of the best genetics derived from decades of disciplined breeding. Whether you are looking for embryos out of cows that have proven their worth the hard way, the old fashioned way; whether you are looking for that branded cow family whose name is noteworthy in the breed; whether you are seeking the next breed-leading \$C female; or a "pick" from an entire heifer crop, check out what we offer here. This is a once-in-a-lifetime opportunity to dig into the proven side of Hoover Angus females as well as some of the most up-and-coming!

Videos and further information will be posted on the 2019 Sale Page at [www.hooverangus.com](http://www.hooverangus.com). For more information, contact Landi at 641-344-7684. Consultants Wes Tiemann 816-244-4462 and Chris Earl 630-675-6559.

*The Hoover Angus Family*

Four generations of the Hoover Angus Family: Front row kids: Ty & Gwen Livingston; middle row John Kiburz, Joy & David McFarland; back row Landi & Andrew Livingston.

- ★ A full sister to No Doubt selling in her entirety! One of only six full sisters to No Doubt!
- ★ Has a +327 \$C, the 2<sup>nd</sup> highest of any Hoover-owned female!
- ★ Produced a \$50,000 daughter selling to Nobmann Cattle Co. This daughter was the 4<sup>th</sup> top weaning weight, 4<sup>th</sup> top yearling weight heifer of her crop!
- ★ As a 5 year-old, N64 has 13 EPDs/indexes in the best 1-5% of the breed: WW, YW, RADG, Doc, Foot Angle, HP, CW, RE, \$M, \$W, \$F, \$B and \$C!
- ★ This Pathfinder dam raised one of the nicest bull calves of the 2019 Hoover crop, Hoover Entice V61, and she is bred the same way for 2020.
- ★ N64 has a 359 day calving interval and 4-100 BWR, 4-105 WR and 3-107 YR.
- ★ +1.05 Ribeye EPD is above the best 1% of current dams!
- ★ Due February 26, 2020 to Mogck Entice, who has a +330 \$C!
- ★ Flush sister N58 produced a flush opportunity for \$24,000 in the 2019 Hoover Sale.

**Hoover No Doubt** – Flush Brother to Lot 1

- ★ Dam J2 sold ½ interest for \$150,000 in 2018. She sold a flush (4 embryos) for \$40,000, and a heifer calf pregnancy for \$18,000 the same year. Three pregnancies of J2 sold at the 2019 Bases Loaded Sale in Denver averaged \$15,000!

- ★ Four Grade 1 conventional embryos, guaranteeing 50% conception if implanted by an AETA certified technician.
- ★ **M38 is the only Pathfinder dam in America that boasts a +85 WW EPD or better, +144 YW EPD or better and a +35 Doc EPD or better!**
- ★ **She is one of only three Pathfinder dams in America with a +94 \$M and +139 \$B!**
- ★ Top 1% for WW, YW, Doc, HP, CW, \$M, and \$W!
- ★ **#1 indexing cow in the entire Hoover herd with 5-117 wean ratio and has a 355 day calving interval!**
- ★ M38 was the #1 adjusted weaning weight heifer calf of her crop at 794 pounds, WR 118, YW 1140 lbs., YR 113.
- ★ Raised three consecutive #1 adjusted weaning weight females of their crop with an average 846 pound weaning weight!
- ★ A daughter sold for \$48,000; a son for \$14,500.
- ★ From the same cow family that produced Hoover Dam, this cow family has put 8 different bulls in 6 different AI studs.
- ★ Grandam G366 is regarded as the best cow to ever be in production at Hoover Angus: has grossed over \$200,000 in progeny & embryo sales and has two daughters and two granddaughters currently among the top 15 indexing cows of the Hoover program!

- ★ Semen on Hoover No Doubt has sold for as much as \$3000 in the last 12 months, and continues to be extremely rare.
- ★ No Doubt boasts one of the top \$C indexes among sires at +323!
- ★ Three of the top 4 selling bulls in the 2019 Hoover sale were sired by No Doubt at \$38,000, \$27,000, and \$26,000.

- ★ Four Grade 1 conventional embryos, guaranteeing 50% conception if implanted by an AETA certified technician.
- ★ **Embryos are full siblings to Hoover Gatlin, the \$11,000 bull selected by Alta Genetics in the 2019 Hoover sale!**
- ★ P44 is a powerfully built female with high growth EPDs ranking her in the best 1-3% of the breed for WW, YW, RADG, HP, CW, \$W, and \$F.
- ★ P44 is a highly productive cow – she ties as the herd's 7<sup>th</sup> top indexing cow with 3-110 WR! Her 2019 bull calf will be vying for lead-off bull position in our 2020 sale – he was the 11<sup>th</sup> top weaning weight bull of the crop, and exceptionally stout and powerful.
- ★ A maternal sister to P44 raised the #1 adjusted weaning weight heifer calf of the 2019 Hoover crop!
- ★ Grandam L5 has put three bulls in stud and her 6 sons have averaged \$24,850! She now serves as a donor for Baldridge Bros.
- ★ Granddaughter of the great G366 cow – read more about her under Lot 2A.

- ★ Whopping +313 \$C at 7 years of age!
- ★ Selling full possession and interest in this outcross high \$C female.
- ★ Has put 4 replacement daughters in the Hoover herd, two of which have a \$C of +331 and +320!
- ★ Of cows in America her age or older, there are only 4 cows in the breed that can match or exceed her \$M and \$B indexes!
- ★ L434's daughter raised the 5<sup>th</sup> top adjusted weaning weight heifer calf of the spring 2019 Hoover crop!
- ★ Ultrasound safe to Hoover Know How, due February 25, 2020. Know How is the highest \$C Hoover-owned bull at +329!
- ★ Hoover Know How is one of the most up-and-coming bulls of the breed – he will be released by Select Sires this fall, and his first calf crop is extremely consistent, eye appealing, and powerful.

**Hoover Know How** +329 \$C Service Sire of Lot 6

- ★ This is a 12<sup>th</sup> generation Blackcap Empress Ellston female to be bred, born, raised, and in production at Hoover Angus.
- ★ This cow comes from one of the most productive and prolific cow families in the 91 year Hoover history. Sixth generation dam C57 has produced 82 daughter descendants that have worked in the Hoover herd, including 16 Pathfinders and 7 donor cows!

CW	MB	RE	FAT	\$M	\$W	\$B	\$C
+45	+.65	+.41	+.031	+56	+69	+124	+216

- ★ Offering six Grade 1 IVF embryos; guaranteeing 50% conception if implanted by an AETA certified technician.
- ★ **A flush brother to these embryos is Hoover 44 Mag, selling to Alta Genetics and Diamond J Angus Ranch for \$24,000!**
- ★ Sire 38 Special, was the power, high-performing bull of his flush, and is siring calves the same. With an appropriate level of calving ease, his progeny have superior performance! 38 Special progeny have added body length, muscle, and solid eye appeal. Forty-seven sons have averaged \$9074 in Hoover sales!
- ★ Pathfinder donor dam C50 is 15 years old and has 13 natural progeny with an average 106 wean ratio and a 363 day calving interval on these 13 progeny! This includes stealing flushes in 6 different years! Her progeny are loaded with performance.

**Queen of Ellston C50** – Pathfinder Donor Dam of Lot 7  
 Candid photo at 12 years of age

- ★ C50 is a superior uddered cow even at her age, and offers foot and structure quality rarely found. She is our oldest Pathfinder cow included in the 2019 Report, and is only of only a handful of Hoover cows to have grossed over \$100,000 on registered progeny sales. Progeny work in 7 states.
- ★ C50 has two Pathfinder daughters, one of which has grossed over \$100,000 in registered progeny sales and produced the \$26,000 lead-off bull in the 2019 Hoover sale. Another daughter of C50 is the 2<sup>nd</sup> top indexing cow of the herd and weaned the #1 adjusted weaning weight bull of the 2019 Hoover crop!
- ★ C50 had exceptional performance herself – WW 765 lbs., WR 115, YW 1050 lbs., YR 109. She scanned a whopping 13.2" ribeye to ratio 112. She was the 6<sup>th</sup> top adjusted weaning weight heifer of her crop.

CW	MB	RE	FAT	\$M	\$W	\$B	\$C
+52	+.62	+.63	+.039	+66	+45	+149	+259

- ★ Offering 6 Grade 1 IVF embryos; guaranteeing 50% conception if implanted by an AETA certified technician.
- ★ An exciting flush by No Doubt from one of the top females ever in production in our 91 year history!
- ★ C344 is still going strong at 15 years of age, and has proven her outstanding quality the hard way – the old fashioned way – by exceptional progeny performance! She records 13-100 BWR, 13-107 WR, and 12-104 YR with a 359 day calving interval on her 13 natural calves!
- ★ C344 is our second oldest living Pathfinder on the 2019 Report.
- ★ C344's four sons at auction have averaged \$9275, and five daughters \$5500! A pair of beautiful ET daughters (full sibs to this mating) were the 2<sup>nd</sup> and 5<sup>th</sup> top adjusted weaning weight ET heifers of their crop, and C344's natural heifer calf from that year was the 14<sup>th</sup> top weaning weight calf among all non-ET heifers! This feat was accomplished when C344 was 13 years old!
- ★ One daughter of C344 was the #1 adjusted weaning weight heifer of her crop.
- ★ C344's great grandam, C57, has given rise to a phenomenal cow family: 82 daughter descendants have stemmed from C57, including 16 Pathfinders and 7 donor cows! Four bulls selected for use in the Hoover herd have also stemmed from C57.

### LOT 9 Pick of the Fall 2018-born Hoover Angus Heifers!

**The first time Hoover Angus offers a "pick" of a calf crop!** Choose from No Doubt genetics, a large selection of daughters of the \$100,000 Baldrige 38 Special, females from the famous Erica family that has put 8 bulls in stud, and 10 daughters of Pathfinder cows. The average adjusted weaning weight of these 40 heifers is 717 pounds!

In the annual Hoover Angus production sales the last 5 years, the top-selling yearling heifer has garnered an average of \$12,650.

This group of 40 heifers has an average BW EPD below breed average, yet WW, YW, and Docility EPD in the best 15% of the breed, \$W top 20%, Claw & Angle EPDs top 30%, \$M top 35% and \$B top 30%.

Hoover Angus is an industry leader in accurate data collection and submission. We believe this is the foundation of *realistic and reliable* EPDs. This entire group of heifers will have the following data submitted through AHIR: BW, CE, WW, dam's mature data (mature weight, hip height, BCS, and temperament), YW, ultrasound, yearling hip height, yearling temperament score, and yearling foot score. Top heifers have been genomically tested. Hoover Angus is a Maternal Plus herd. Heifer breeding records have been submitted to AHIR for 14 years, and temperament scores have been submitted since the AAA began accepting this data. Hoover Angus is a leading herd in foot score collection, and has submitted foot scores on over 1500 animals with one of the highest levels of scrutiny among breeders.

A group video will be posted at [www.hooverangus.com](http://www.hooverangus.com) and [www.cci.live](http://www.cci.live) in October of this set of heifers and they are available for viewing anytime.
