

USBCHA 2024 NATIONAL CATTLED OG FINALS October 10-13, 2024

Hosted by **HOOVER**
Angus

As quality labor has become even harder to find, and as the average age of agriculture producers has increased, agriculturalists have had to become innovative in ways to replace traditionally labor-intensive jobs on the farm. One way for livestock producers to reduce labor is to depend on professionally trained stock dogs. Come to Hoover Angus to see the top stockdog handlers in the country compete for the National Title!

Since our October will be filled with a national event at Hoover Angus, we will NOT be having an online female offering this fall. *Our February 6th sale will be the ONLY time we will sell females in 2024.*

Joy's Meals
available for purchase
at Finals!
