

Sale Day Updates – as of sale day

- Out of sale as of 1-31-25: Lots 25, 32, 47, 48, 56, 74, 90, 147, 148, 151, 157, 164, 166
- Lot 82 will also be 1/3 revenue sharing semen interest
- Lots 5-8 QR codes in catalog take you to the wrong lot's video. Once you have clicked on Lot 5-8's QR codes, you may easily navigate to the bull of your choice, just be aware the correct lot number does not originally appear.
- Bulls Lots 17, 34, 71, 78 and 79 are young bulls that are awaiting a passing semen test. We recommend these bulls stay at Hoover Angus after the sale until a passing result is achieved.
